Lara Rust:

At the beginning of the year, Lara was only playing in first position. Through guidance, and her hard work and dedication at home, Lara can now confidently play in third position - a great achievement for only one term. Further to this technical advancement, Lara has also managed to learn vibrato and to think in more detail about the structure and phrasing of her pieces. I am extremely proud of her achievements this term.

Jasmine Rizos-Parker:

Jasmine has been part of a trio lesson format this term. She has excelled in her playing by paying more attention to her bow hand. As a result, her tone production has improved immensely. Further to her tone production, Jasmine has confidently approached major as well as minor scales. As a result of these advancements, Jasmine has moved very quickly through her repertoire book. She is well set to begin the next school term to further build on her accomplishments so far this year.

Emma Marie Fulton:

Emma has been part of a trio lesson format this term. Emma has shown great attention in her lessons and demonstrated consistent home practice. This is evident through Emma's ability to learn repertoire each week, to produce a performance at the following lesson with all the material memorised. Her attention and determination has enabled a wonderful advancement in her technique so far this year.
